

HIV report diagnosis and treatment data (HIV_report_dx_tx)

- This spec is for self-reported data on HIV diagnosis, care and treatment history.
- It should contain one record per interview per person.

ALPHA Network data specification: HIV report dx tx

Variable name	Description	Type	Coding	Notes
idno	Person ID number	string	site specific	Numeric IDs long integer format, unique for an individual
study_name	ALPHA name for your study site	string	site specific	Character – please be consistent across data sets
report_date	Date of report	numeric (double)	In Stata format	Date of survey on which report was made
survey_round_name	If report was part of community survey, name of round in which the data were collected	string	Site specific	This variable should denote the name of the survey for example “sero1” or “TBSurvey2” etc it can be in string or numeric format.
survey_round_scope	Was this a special study or population based?	numeric	1 Population based, all eligible 2 special study, representative sample 3 special study, non-representative sample	
sr_ever_htc	Ever had HTC	numeric	0 no 1 yes	
sr_last_htc_visit_reason	Reason for last HTC visit	numeric	1 Not sick + client initiated VCT 2 Sick + client initiated VCT 3 Client initiated, sick not known 4 Medical (TB clinic, STD clinic, ...) 5 ANC 6 Research 7 Community outreach 8 Other	If a reason for having test is given
sr_last_htc_when	When was the last HTC	numeric	1 In last year 2 More than a year ago 3 Never 4 Don't know	No need to fill this variable if you have the date, see below
sr_last_htc_year	Year of last HTC	numeric	Year 4 digits 9999 Unknown	If a date is given for when the respondent went to HTC enter the year here
sr_last_htc_month	Month of last HTC	numeric	Month as integer 1 to 12 99 Unknown	If a date is given for when the respondent went to HTC enter the month here
sr_last_htc_know_result	Did they find out the result of their last HIV test at HTC?	numeric	0 No 1 Yes	

ALPHA Network data specification: HIV report dx tx

Variable name	Description	Type	Coding	Notes
sr_last_htc_test_result	Result of their last HTC test	numeric	0 Negative 1 Positive 2 Not asked 3 Not disclosed	
sr_first_positive_when	When first knew they were positive	numeric	1 In last year 2 More than a year ago 3 Never 4 Don't know	When the respondent first found out they were HIV positive. This should only be filled if a direct question was asked about first diagnosis at the time of the interview.
sr_first_positive_year	Year first knew they were positive	numeric	Year 4 digits 9999 Unknown	If a date is given for when the respondent first found out they were HIV positive enter the year here
sr_first_positive_month	Month first knew they were positive	numeric	Month in integer 99 Unknown	If a date is given for when the respondent first found out they were HIV positive enter the month here
sr_hiv_service_refer	Ever referred to HIV care services	numeric	0 No 1 Yes	This refers to ALL services that are locally available for confirmed HIV positive persons, including clinical staging, monitoring of CD4 counts, treatment for TB and opportunistic infections, services to prevent pregnant women transmitting HIV to unborn children, and Anti-Retroviral Drug treatment
sr_hiv_service_first_refer_when	The first time advised to go to HIV care services	numeric	1 In last year 2 More than a year ago 3 Never 4 Don't know	
sr_hiv_service_first_refer_year	The year first time advised to go to HIV care services	numeric	Year 4 digits 9999 Unknown	
sr_hiv_service_first_refer_month	The month first time advised to go to HIV care services	numeric	Month in integer 99 Unknown	
sr_mum_hiv_service_refer	Ever referred to HIV ANC or PMTCT care services	numeric	0 No 1 Yes 8 Not applicable	
sr_mum_hiv_service_refer_when	When referred to HIV ANC or PMTCT care services	numeric	1 In last year 2 More than a year ago 3 Never 4 Don't know	
sr_mum_hiv_service_refer_year	Year referred to HIV ANC or PMTCT care services	numeric	Year 4 digits 9999 Unknown	

ALPHA Network data specification: HIV report dx tx

Variable name	Description	Type	Coding	Notes
sr_mum_hiv_service_refer_month	Month referred to HIV ANC or PMTCT care services	numeric	Month in integer 99 Unknown	
sr_hiv_service_ever	Ever used any HIV care services	numeric	0 No 1 Yes	
sr_hiv_service_first_used_when	The first time used HIV care services	numeric	1 In last year 2 More than a year ago 3 Never 4 Don't know	
sr_hiv_service_first_used_year	The year first used HIV care services	numeric	Year 4 digits 9999 Unknown	
sr_hiv_service_first_used_month	The month used HIV care services	numeric	Month in integer 99 Unknown	
sr_ever_told_noart_need	Ever told not eligible for ART	numeric	0 No 1 Yes	Have they ever been told that ART was not currently needed / they are not eligible for ART
sr_ever_told_art_need	Ever told eligible for ART?	numeric	0 No 1 Yes	
sr_first_assessed_when	When first assessed for ART	numeric	1 In last year 2 More than a year ago 8 Don't know	When respondent was first assessed for ART
sr_first_assessed_year	Year first assessed for ART	numeric	Year 4 digits 9999 Unknown	If a date is given for when the respondent was first assessed for ART enter the year here
sr_first_assessed_month	Month first assessed for ART	numeric	Month in integer 99 Unknown	If a date is given for when the respondent was first assessed for ART enter the month here
sr_first_art_need_when	When first told need ART	numeric	1 In last year 2 More than a year ago 8 Don't know	When respondent was first told that they needed/were eligible for ART
sr_first_art_need_year	Year first told need ART	numeric	Year 4 digits 9999 Unknown	If a date is given for when the respondent was first told they needed ART enter the year here
sr_first_art_need_month	Month first told need ART	numeric	Month in integer 99 Unknown	If a date is given for when the respondent was first told they needed ART enter the month here
sr_ever_art	Ever started ART	numeric	0 No 1 Yes	

ALPHA Network data specification: HIV report dx tx

Variable name	Description	Type	Coding	Notes
sr_art_first_when	Date first started ART	numeric	1 In last year 2 More than a year ago 3 Never 4 Don't know	
sr_art_first_year	Year first started ART	numeric	Year 4 digits 9999 Unknown	
sr_art_first_month	Month first started ART	numeric	Month in integer 99 Unknown	
sr_art_current	Are they currently taking ART	numeric	0 No 1 Yes	
sr_art_where	Where do they get their ART drugs?	numeric	0 Within study area 1 Outside study area 8 Not asked 9 Not known	
sr_art_last_when	Date last took ART	numeric (double)	0 Still on ART 1 In last year 2 More than a year ago 3 Never 4 Don't know	
sr_art_last_year	Year last took ART	numeric	Year 4 digits 9999 Unknown	
sr_art_last_month	Month last took ART	numeric	Month in integer 99 Unknown	
sr_art_interrupt	Ever interrupted ART?	numeric	0 No 1 Yes	
sr_art_interrupt_months	Total number of months of ART interruptions since first started	numeric	integer or Stata "." if not known	
sr_cotrimox_current	Are they currently taking co-trimoxazole?	numeric	0 No 1 Yes 8 Not asked 9 Not known	
sr_cotrimox_first_year	Year first started co-trimoxazole	numeric	Year 4 digits 9999 Unknown	

ALPHA Network data specification: HIV report dx tx

Variable name	Description	Type	Coding	Notes
sr_cotrimox_first_month	Month first started co-trimoxazole	numeric	Month in integer 99 Unknown	
sr_cotrimox_last_when	Date last took co-trimoxazole	numeric (double)	In Stata format	
sr_cotrimox_last_year	Year last took co-trimoxazole	numeric	Year 4 digits 9999 Unknown	
sr_cotrimox_last_month	Month last took co-trimoxazole	numeric	Month in integer 99 Unknown
